Introduction

This Scheme of Delegation was approved by the Governing Body of the Academy Trust and will be reviewed annually. The scheme has been developed to clarify the responsibilities and powers of Governors and members of staff employed at the School in respect of key aspects of the management of the School and to ensure compliance with legal requirements.

Key Responsibilities

Responsibility of the Department for Education

The DfE has ultimate responsibility and accountability for the effectiveness of the financial accountability system for academies. In particular, the DfE is responsible for ensuring there is an adequate framework in place to provide assurance that all resources are managed in an effective and proper manner and that value for money is secured. There is a clear chain of accountability from the AT's accounting officer, through the ESFA's accounting officer to the DfE.

Responsibilities of the ESFA

The ESFA acts as the agent of the Secretary of State within the scope of the powers and discretions formally delegated to it. The Chief Executive of the ESFA has been designated as its accounting officer. The ESFA's accounting officer is responsible and accountable to Parliament for how the ESFA uses its funds. The ESFA's accounting officer is also personally responsible for the regularity and propriety of all expenditure of its funds and for ensuring value for money in how they are used. To discharge these duties, the ESFA's accounting officer must be satisfied that the AT has appropriate arrangements for sound governance, financial management, securing value for money and accounting; and that the way the AT uses public funds is consistent with the purposes for which the funds were voted by Parliament.

Responsibilities of trustees of the academy trust

The board of trustees is specifically responsible for ensuring that the AT's funds are used only in accordance with: the law; the board's powers under the funding agreement (FA) which includes the AT's articles of association which set out the powers of the AT and its governance arrangements; and the Academies Financial Handbook.

Responsibilities of the academy trust's accounting officer

As Glyne Gap is a single academy trust, the Headteacher is nominated as the accounting officer. Accounting Officers are personally responsible to Parliament and to the accounting officer of the ESFA for the resources under their control. The essence of the role is a personal responsibility for the propriety and regularity of the public finances for which they are answerable; for keeping of proper accounts; for prudent and economical administration; for the avoidance of waste and extravagance; for ensuring value for money; and for the efficient and effective use of all the resources in their charge.

Appendix A outlines areas in which the Secretary of State's prior approval is required and items of which the Secretary of State must be notified.
