PERSONAL CARE

GGA Level 5

Eating and Drinking

Personal Presentation

Personal Hygiene

Personal Safety

- Give consistent indication of readiness for more food
- With hand over hand support to hold spoon initiates movement of spoon from plate to mouth
- Eats familiar finger foods with occasional prompts
- Indicate readiness for more drink
- With some adult support pupil controls some movement of a cup to & from their mouth
- Pupil may indicate to adult that they are not comfortable to continue feed in response to yes/no question

- Responds to individual items of clothing using senses, as adult introduces them & names them
- When dressed or undressed by an adult pupils will begin to assist with a limited number of actions, e.g. lifting foot for sock, bowing head for jumper

- As part of an adult directed toileting routine pupil will frequently open bowels or urinate whilst sitting on the toilet, but shows no pattern
- Begins to intentionally communicate discomfort due to wet or soiled nappy/pad
- Cooperates with hand washing routine
