Thinking Skills and Problem Solving	Self Assessment	
<ul style="list-style-type: none"> • When pupils are faced with a <u>social</u> dilemma they demonstrate that they can make an informed decision based on thinking about possible solutions and their consequences, with support and the use of questioning <i>e.g. a student from the faculty sends a valentines card to a mainstream college student who they do not really know.....</i> • Pupils are able to demonstrate a systematic process of thinking and problem solving when faced with more complex real life situations, by remaining calm and asking themselves the questions "what do I do first?"...."what do I do next?"...."what is a good result?" They are able to ask for help if needed <i>e.g. the pre-booked taxi doesn't arrive to take them home after swimming club.....</i> • When pupils are faced with a <u>moral</u> dilemma they demonstrate that they can make an informed decision, based on thinking about possible solutions by reflecting on the questions "what do I do first?" "What do I do next?" "What is a good result?" <i>e.g. you find a purse on the floor in Tesco.....</i> • Pupils begin to reflect on their chosen solutions to social/moral dilemmas by responding to the questions "what could you do?" or "what should you do differently next time?" 	<ul style="list-style-type: none"> • Begins to prioritise the key skill they need to get better at why • Pupil reflects on feedback about a piece of work or activity and with support plans the next steps..... • Pupils can recognise achievement in other pupils in the class and begin to say why..... • Pupils begin to be aware of own capabilities and limitations linked to work placements <i>e.g. catering and residential home.....</i> • Pupils can identify what they have learnt during an activity when questioned..... • Pupils can create an action plan for a specific activity with support, identifying and prioritising the next step and key learning for completion of a task <i>e.g. cook a three course meal for two at the flat.....</i>
